```

The image shows a person standing in front of a traditional Japanese torii gate. The scene is heavily stylized with a vibrant, fiery orange and red color palette, suggesting a sunset or a fire. The person is silhouetted against the bright background.

```
EXP2.py - C:\Users\admin\OneDrive\Desktop\OpenCV\EXP2.py (3.13.14)
File Edit Format Run Options Window Help
import cv2

# Read image
image = cv2.imread(r"C:\Users\admin\OneDrive\Desktop\OpenCV\Image1.png")

# Check if image is loaded
if image is None:
    print("Error: Image not found. Check the file path.")
else:
    blur = cv2.GaussianBlur(image, (5, 5), 10)

    cv2.imshow("Original", image)
    cv2.imshow("Gaussian Blur", blur)

    cv2.waitKey(0)
    cv2.destroyAllWindows()
```

The image is a blurred version of the original image. It shows the same person at the torii gate with the same fiery orange and red color palette, but the details are smoothed out due to the Gaussian blur effect.

```
